ABOUT ME

As a skilled developer specializing in WordPress, WooCommerce, and Laravel, my resume highlights a strong portfolio of projects showcasing my technical proficiency. I am adept in PHP, HTML, CSS, JavaScript, and MySQL, building and optimizing dynamic websites and e-commerce platforms. My expertise includes WordPress theme and plugin development, WooCommerce store creation, and Laravel web application development. I focus on delivering scalable, user-friendly solutions, often collaborating with cross-functional teams using Agile methodologies. My commitment to staying updated with industry trends ensures I provide innovative solutions that meet client needs and drive business growth.

FRONTEND SKILLS

BACKEND SKILLS

EXPERIENCE

Full Stack Web Developer

Center for Higher Studies (CHS) / Mirpur / March 2017 – April 2018

Interacted with business customers to understand their needs, present website demos, hear their queries, and resolved technical issues arising during projects.

- ❖ Design and development of various websites.
- ❖ Identified and eliminated website bugs to improve user experience.
- ❖ Conduct manual testing of Web applications (websites).
- ❖ Developed software system to increase time efficiency among field agents whilst on the road, reducing clerical errors internally and ensuring updates were done on time.
- ❖ Joined client meetings to learn about development of project scopes.

Team Leader

Intelligent Image Management Limited / Dhaka / March 2015 – February 2017

Acting as the Team Leader to manage the team: receiving the requirements, estimating, and monitor the project status, design architecture; worked and helped team members to solve problems, technical issues and implement processes.

- ❖ Conducting regular 1:1 session with the team members to understand them better and also help them understand what they are trying to achieve and how
- ❖ Regular team meeting to brief the team around the updates and sharing the daily performance.
